Description

Threaded hook designed for wall or ceiling installation, with a maximum load capacity of 80 kg. Manufactured with a ø 9 mm tube coated with anti-corrosive Rilsan material, offering high durability and corrosion resistance. Its robust construction allows secure fastening on vertical or horizontal surfaces.

Technical Specifications

- Diameter: 9 mm
- Maximum weight supported: 80 kg
- Installation depth: Wall or ceiling
- Coating material: Anti-corrosive Rilsan

Its design facilitates installation in industrial and commercial applications where a strong fixation is required. It is suitable for supporting equipment, furniture, or any load that requires a secure anchor.

Installation is easily performed using compatible screws or bolts with its diameter. It is recommended to follow the manufacturer's assembly guidelines to ensure maximum safety and product stability.

Specifications

Diameter	9 mm
EAN	3234640030845
Manufacturer	MOTTEZ

Depth	Pared o techo
