

Product sheet

**Double Straight Hook 16 mm
Ø350 mm Max Load 60 kg**

Brand: EDM

Reference: EDM 86399

Double straight steel hook with diameter 16 mm, total length 350 mm and width 35 mm. Maximum load capacity of 60 kg. Designed for industrial and commercial applications on flat surfaces or metal structures.

[View product online](#)**Description**

Double straight high-strength steel hook with a diameter of 16 mm and total length of 350 mm, designed for industrial and commercial use. Its robust construction allows it to support maximum loads up to 60 kg, ensuring durability in demanding environments. It is suitable for secure mounting on flat surfaces or metal structures.

Technical Specifications

- Diameter: 16 mm
- Total Length: 350 mm
- Width: 35 mm
- Height: 1.6 cm
- Recommended Maximum Load: 60 kg

Common uses include equipment assembly, brackets and structures requiring strong and secure fastening. It is widely used in warehouses, logistics centers and industrial facilities where a quick and effective solution is needed.

Installation is simple using an appropriate drill or hardware. It is recommended to verify load specifications before use in critical applications to ensure safety and optimal performance.

Specifications

High	1.6
Diameter	16 mm
EAN	3234640212098
Manufacturer	MOTTEZ
Measures	1.6 x 35
