Description

The Smart Key Holder Keeper Access is a device designed to securely protect and organize your keys, ideal for residential or professional use. Made with a zamak body and external case, it offers complete resistance to dust and weather thanks to its IP65 certification. Installation is easy via wall mounting, including an internal hook for hanging keys. It operates on 3 AAA batteries (not included) or USB connection (included), and allows access via numeric password or Arregui Security mobile app via Bluetooth (BLE). Additionally, it supports up to 20 users, access history tracking, and unlimited temporary access codes. It can also be integrated with the Arregui Bridge accessory for Wi-Fi remote control.

Technical Specifications

- External dimensions: 95 x 50 x 115 mm
- Internal dimensions: 65 x 34 x 85 mm
- IP65 Protection
- Height: 9.5 cm
- Width: 5 cm
- Depth: 11.5 cm
- Batteries included: No

Its compact and durable design makes it ideal for indoor or outdoor environments, ensuring security and convenience in key access. Remote management via mobile app allows full device control from

anywhere.

Installation is simple and done by mounting the key holder on the wall using the included accessories. Its use requires only an initial setup to register users and set passwords or temporary access codes, making daily handling easy.
