### Description

Pneumatic tools kit of 25 pieces, 5 mm, designed for industrial and professional applications. Uses high-efficiency pneumatic technology, with an operating pressure that guarantees optimal performance in maintenance and repair tasks. It includes specialized tools such as an impact wrench, straight angle grinder with 25000 rpm, air gun, and a 5 m spiral hose, ideal for jobs requiring power and precision in both indoor and outdoor environments.

#### Technical specifications

- Diameter: 5 mm
- Length: 0.8 m
- Revolutions per minute (RPM): 25000

Its modular design allows multiple functions within a single set, making work easier both in the workshop and in the field. The variety of accessories and standard  $\frac{1}{4}$  inch connections ensures compatibility and easy interchange between parts.

Installation is simple thanks to its compatible connectors and integrated toolbox for transport and storage. Ideal for professionals who need durable and efficient tools in demanding work environments.
