Description

Disposable white polypropylene hoodie designed for basic protection against dirt and particles in industrial or cleaning environments. Its construction from 100% polypropylene material offers durability and ease of cleaning, making it suitable for temporary use where hygiene and comfort are required. Features a front zipper closure and elastic adjustment at the hood, wrists, ankles, and waist.

Technical Specifications

- Size: XXL
- Material: 100% polypropylene
- Closure: Front zipper
- Fit: Elastic at hood, wrists, ankles, and waist

Its functional design allows efficient use in controlled environments where a quick barrier against particles and dirt is needed. It is especially useful in work environments that require temporary protection without installation complications.

The hoodie can be put on directly without the need for tools or additional assembly, facilitating immediate implementation. Its ease of use and disposability after application make it a practical solution for hygienic or temporary protective applications.
