Description

High visibility vest class 2 made from 100% polyester with two horizontal retroreflective bands on the torso contour. Designed to improve safety in low-light environments, it complies with international standards ISO 13688 and ISO 20471. The velcro closure makes it easy to use and adjust, making it suitable for road safety professionals and workers in high-risk areas.

Technical Features

- Size: XL
- Material: 100% polyester
- Retroreflective bands: 2, horizontal along the torso contour
- Fabric closure: velcro
- Compliance standards: ISO 13688 and ISO 20471 class 2

Its fluorescent orange color ensures high visibility in low-light conditions, improving user safety. It is especially useful in work environments where maximum visual identification is required.

The vest is easy to install and maintain thanks to its practical design. Machine washing is recommended following manufacturer instructions to preserve its reflective properties and durability.
