Description

The lashing hook with screw is an accessory designed to securely fasten loads in various industrial and domestic applications. Its construction from anti-slip braided rope ensures superior strength and better grip, making it ideal for tasks requiring stability under tension. The screw allows effective adjustment of tension, ensuring a firm and durable hold.

Technical Specifications

- Diameter: 6 mm
- Length: 2.5 m
- Materials: anti-slip braided rope
- Recommended maximum load: 70 kg

Its use ranges from cargo transport to DIY and gardening applications, where secure fastening is essential. The combination of durable materials and a robust structure makes it suitable for demanding environments.

Installation is quick and simple: place directly over the object to be secured and adjust using the screw. Its compact design facilitates storage and transportation, keeping the hooks protected until use.

Specifications

Diameter	6 mm
