### Description

The multifunctional plant insecticide is an effective and safe solution against various pests affecting crops and ornamental plants. Its advanced formula provides residual control and long-lasting protection, suitable for use in greenhouses, gardens and agricultural areas without leaving toxic residues.

#### Technical Features

- Content: 750 ml
- Application method: Spray

This product offers rapid action against aphids, whiteflies and other common pests, facilitating the healthy recovery of affected plants. It is especially effective under cool temperature conditions.

It is recommended to apply during the cooler hours of the day, avoiding direct sunlight exposure to maximize its effectiveness. Proper use ensures optimal results without damaging the plants or the surrounding environment.
