Description

Verona drip coffee maker with Intense Flavour Tech technology, designed to extract all the aroma and flavor of coffee through a continuous dripping system. Ideal for preparing up to 6 cups of 600 ml each, it features a transparent glass carafe that allows you to visualize the liquid capacity. Its 600 W power ensures efficient and fast coffee brewing.

Technical Specifications

- Power: 600 W
- Capacity: 6 cups (600 ml)
- Material: Glass carafe, high-quality heating plate
- Filter Type: Permanent, removable and washable
- Thermal Retention: Approximately 1 hour
- Water reservoir with visible indicator
- Power indicator light
- Compact design
- Anti-drip system on the carafe spout
- BPA-free
- Voltage: 220-240 V ~ 50 Hz

This coffee maker offers an optimal brewing experience, maintaining the coffee flavor for a longer time thanks to its efficient design. It is perfect for home or small office use where quick and high-quality preparation is required.

Installation is simple: just place the coffee maker on a stable surface, connect the cable to an electrical outlet, and fill the reservoir with water up to the indicated level. The permanent filter should be placed before adding the ground coffee.
