Description

Marquetry template designed for small creative projects on plywood with din coating, ideal for developing manual dexterity and creativity. Its structure allows precise cutting with a saw, facilitating the creation of models or decorative pieces. This template is specially designed for educational and playful activities both in school and family environments.

Technical Features

- Materials: plywood with din coating
- Dimensions: 2 A4 sheets

The template encourages hands-on learning and concentration by allowing work with durable and easy-to-handle materials. It is an effective tool for artistic workshops, educational projects or didactic gifts that combine entertainment and fine motor development.

Installation is simple: it is recommended to cut the sheets following the indicated design, paint if desired, and assemble the pieces using interlocking or adhesive methods. Perfect for use in classrooms, manual workshops or creative family activities.
