Description

The magnetic screwdriver bit holders are specialized tools designed to facilitate work in environments where precision and safety are required. This set of 21 pieces includes a wide range of tip types, ideal for industrial, electronic, and general maintenance applications. Each tip is made from durable materials and features an ergonomic design that allows comfortable handling over extended periods.

Technical Specifications

- Tip Type: 2xph1, 2xph2, 2xph3, pz1, pz2, pz3, 2xsl4, 3xsl6, 2xsl7.2, t10, t15, t20, t25
- Total Quantity: 21 pieces

These bits are especially useful in electronic equipment repair, sensitive component assembly, and maintenance tasks requiring precise handling. Their magnetic design allows better control during use, facilitating the placement and removal of screws without risk of loss.

The set provides access to various types of screws and bolts without needing to change tools, improving work process efficiency. It is recommended for use in environments requiring high precision and operational safety, such as technical workshops or specialized laboratories.
