Description

SPF50+ sunscreen in cream format, 250 ml, provides intense protection against UVA and UVB rays, recommended for daily use and outdoor activities. Its formula includes hyaluronic acid and vitamin E that provide deep hydration and antioxidant properties. It is water-resistant and absorbs quickly without leaving greasy residues.

Technical Features

- SPF: 50+
- Content: 250 ml
- Water-resistant
- Fast absorption
- Main active ingredients: hyaluronic acid and vitamin E

Provides an effective barrier against sun damage, suitable for sensitive skin. Its lightweight texture allows uniform application on all types of surfaces.

It is recommended to apply generously on exposed skin before sun exposure and reapply every two hours or after sweating or bathing.
