Description

The Kosula Ceramic Stove Max. 900W with tempered glass panel offers an efficient and safe solution for heating medium-sized spaces of up to 32 m². Its ceramic panel technology ensures uniform heat distribution, while its sturdy design guarantees durability for daily use. It includes features such as oscillation and anti-tip protection, improving both thermal efficiency and safety during operation.

Technical Specifications

- Power: 900 W
- Rated Current: 10 A
- Dimensions: L (20-32 m²)
- Weight: 1.9 kg
- Voltage: 220-240 V, 50/60 Hz
- Connection Cable: 1.3 meters
- Panel Material: Ceramic
- IP Rating: 20
- Accessories: Grill, independent switches, anti-tip device and oscillation

Its ergonomic design makes it easy to use in environments such as living rooms, bedrooms, or offices. The oscillation feature allows for more uniform heat distribution, optimizing thermal performance in smaller spaces.

Installation is simple: just connect it to an electrical outlet and place it in the desired area. It is

recommended to maintain free space around it to ensure safe and efficient operation during prolonged use.

Specifications

Rated current (A)	10
EAN	8433373097469
Manufacturer	Niaros
Intensity	900W
Measures	L (20-32m2)
Weight (kg)	1.9
