### Description

Automatic electric cork extractor with a 5 W motor and 46 mm diameter. Designed to easily open wine bottles without effort, it uses an included 3.7 V 500mAh rechargeable lithium battery. Its stainless steel construction ensures durability and resistance. It operates through an automatic system that allows clean and safe cork extraction.

#### Technical Specifications

- Power: 5 W
- Diameter: 46 mm
- Weight: 0.308 kg
- nominal Voltage: 3.7 V
- Built-in Battery: Li-ion 18650 500mAh
- Rechargeable via USB-A cable
- Main Material: Stainless Steel

Its fast and efficient operation makes it ideal for home or professional use. It facilitates bottle opening without manual force, preventing damage to the cork or the bottle.

To use, place the device on the cork and activate the extraction function. The ergonomic design allows comfortable handling in any environment. The rechargeable battery offers multiple uses without frequent replacement.
