Description

Effective outdoor fly trap with up to three months of action. Uses a chemical attraction method that captures insects without releasing chemicals into the environment, offering a sustainable and safe solution for pest control in outdoor spaces.

Technical Features

- Months of effectiveness: 3
- Pest type: Flies
- Recommended use: Outdoor

Its practical design allows easy installation and bag replacement for each usage period. It is especially useful in areas with high fly entry, such as terraces, patios, or building entrances.

Strategic placement near doors or windows maximizes its effectiveness. No special tools are required for installation or maintenance, making it easy to use in various outdoor environments.

Specifications

EAN	8437027149139
Manufacturer	Novar
Type of installation	Moscas
