Description

Effective wasp trap designed for outdoor use, based on chemical attractants that safely capture insects over an extended period. Its system allows effective control for up to three months without frequent replacement.

Technical Features

- Weight: 0.5 kg
- Effectiveness: Up to 3 months
- Target Pests: Wasps
- Recommended Use: Outdoor

It is recommended to place it in exposed areas where wasps are observed, at an appropriate height to maximize its effectiveness. It is easy to install and maintain, making it a practical solution for outdoor spaces such as gardens, patios, or terraces.

Maintenance involves periodically checking the contents and replacing bags when full or at the end of the effective period. Includes 1 main unit and 3 refills for extended use without interruption.
