

## Product sheet

**Brass plug female 1" - 10 pcs/box**

Reference: GSC 404055024

H 1"

Bronze plug with a diameter of 1 mm and an opening of 2.54 cm, for internal connection of 1 inch. Made from bronze CW617N, ideal for hydraulic or pneumatic installations where a tight seal is required.

[View product online](#)**Description**

The 1-inch female bronze plug is an accessory designed to close pipes or connections in a hermetic way, ideal for industrial and domestic applications. Made from brass CW617N, it offers high resistance to corrosion and durability in environments where secure sealing is needed. Its design allows easy installation and compatibility with standard pipe systems.

**Technical Specifications**

- Diameter: 1 mm
- Opening Diameter: 2.54 cm
- Main Material: Brass CW617N
- Thread In: Ø1"
- Thread Out: Ø1"
- Model: Female
- Main Color: Gold
- Packing: Bag

It is commonly used in hydraulic and pneumatic installations where pressure and flow control are necessary. It is especially useful for closing temporary pipes or connections during maintenance or setup.

Its easy installation allows quick connection without the need for special tools, making it suitable for various industrial and commercial environments.
