Description

Steel reinforced strap of 38 mm width and 6000 mm length, made from polyester with a metal casing. Designed for industrial and commercial applications that require secure fastening of heavy loads. Its robust construction allows use in demanding environments such as warehouses, logistics centers, and industrial workshops.

Technical Specifications

- Width: 38 mm
- Length: 6000 mm
- Materials: Main polyester, secondary steel
- Maximum Load Capacity: 1000 kg
- Breaking Strength: 2000 kg
- Weight: 1.125 kg

Its yellow and black design facilitates visual identification in work environments. It is ideal for transporting and securing heavy goods, offering a durable and efficient solution.

Installation is simple and does not require additional tools, enabling efficient handling in daily applications. Its modular design facilitates transportation and storage in limited spaces.

Specifications

Width	38 mm
Colour	Yellow
Diameter	38
EAN	8433373095182
Long	6000 mm
Material	Polyester principal
Measures	38 mm x 6000 mm
Weight (kg)	1.125
