Description

Raw key specifically designed for S-1494 and S-3130 locksets, featuring a robust construction that ensures durability in high-demand environments. Its precise format allows direct fit without the need for additional adjustments, facilitating installation in industrial or commercial applications.

Technical specifications

- Height: 0.20 cm
- Width: 2.20 cm
- Depth: 5.60 cm
- Weight: 0.010 kg

This key offers exact compatibility with the mentioned lock systems, ensuring reliable and long-lasting performance. Its modular design allows for easy replacement when needed.

Installation is quick and simple, as it does not require special tools or mechanical adjustments. It is recommended for use in environments where secure closure and resistance to adverse conditions are required.
