### Description

Raw key lock designed for compatibility with references 10403109 and 10403127, with precise specifications for security applications. Its construction from durable material ensures longevity in industrial or commercial environments.

#### Technical features

- Dimensions: 0.50 x 2.00 x 3.70 cm
- Weight: 0.010 kg

It is used in lock systems where a raw key with precise specifications is required. It facilitates secure closure in installations that demand technical compatibility and mechanical resistance.

Its design allows for accurate adjustment during installation, integrating easily into structured security projects. It is recommended to always verify the compatible lock reference before use to ensure proper operation.

### Specifications

|          |                    |
|----------|--------------------|
| High     | 0.50               |
| Width    | 2.00               |
| EAN      | 8445187251760      |
| Measures | 0,50 x 2,00 x 3,70 |

|             |       |
|-------------|-------|
| Weight (kg) | 0,010 |
| Depth       | 3.70  |
