Description

The laminate lock key blank 40/50 mm is a security accessory designed for compatibility with models 10403226 and 10403227. Its laminated material construction offers adequate resistance for secure closure applications, making it especially useful in metal locks where a robust and functional design is required.

Technical specifications

- Height: 1.00 cm
- Width: 1.00 cm
- Depth: 1.00 cm
- Weight: 0.010 kg

Its compact design allows installation in limited spaces without compromising functionality. It is easy to handle and adapts to standard closing systems, facilitating its use in industrial or commercial environments that require basic security.

Installation is simple, requiring no special tools or complex configurations. It can be used directly in the compatible system without additional adjustments, speeding up implementation in various usage contexts.
