Description

Microfiber duster with telescopic stainless steel handle, ideal for effective cleaning on high and hard-to-reach surfaces. The head measures 8 x 16 cm and is made with microfiber that traps dust through electrostatic attraction, surpassing the capacity of traditional cloths. Its telescopic design allows safe handling thanks to the anti-slip PP coating on the handle.

Technical Specifications

- Head dimensions: 8 x 16 cm
- Total extended length: 76 cm
- Retracted length: 27 cm
- Handle material: Stainless steel with PP coating
- Total weight: 0.54 kg

Its flexibility allows it to adapt to irregular surfaces such as curtains, radiator fins, and ceiling fans. Suitable for use in homes, offices, and commercial spaces where dust accumulates in high or hard-to-reach areas.

The duster is washable and reusable; the head can be cleaned by hand or in a washing machine (every 3-4 uses at 30-40 °C without fabric softener) to maintain its effectiveness. Its compact design facilitates storage, even behind doors or in small spaces.

Specifications

EAN	8445187486681
Material	Acero inoxidable
Measures	8 x 27
Depth	27.00
