Description

Telescopic microfiber duster with stainless steel handle, ideal for efficient cleaning of high and tight spaces. Its innovative design uses microfiber technology that captures dust through electrostatic attraction, surpassing the effectiveness of traditional cloths. The head measures 8 x 27 cm and the total length is 76 cm, weighing 0.54 kg to facilitate handling in different environments.

Technical Specifications

- Total Length: 76 cm
- Head Dimensions: 8 x 27 cm
- Handle Material: Stainless Steel with PP Coating
- Total Weight: 0.54 kg

Its flexible structure allows easy access to moldings, blinds and ceiling fans. Suitable for use in homes, offices and commercial spaces where dust accumulates in high or inaccessible areas. Its compact design facilitates storage even in small spaces.

The duster is reusable and washable; the head can be cleaned by hand or in a washing machine (every 3-4 uses at 30-40 °C without fabric softener) to maintain performance. When retracted, it measures only 8 x 27 cm, allowing efficient and practical storage.

Specifications

EAN	8445187498332
Long	76 cm
Material	Acero inoxidable
Measures	8 x 27
Depth	0.10
