Description

The LED Classic bulb with sensor is an intelligent and efficient lighting solution designed to provide comfort and security in spaces requiring automatic illumination. Thanks to its integrated motion sensor, it automatically activates when detecting presence in darkness conditions, providing immediate light and turning off autonomously after a few seconds of inactivity. With a power of 9 W and a luminous flux of 806 lumens, it emits neutral 4000 K light ideal for passageway areas such as entrances, hallways or garages.

Technical Features

- Power: 9 W
- Lumens: 806 lm
- Base: E27
- Color Temperature: 4000 K
- Dimensions: 16.00 x 7.00 x 7.00 cm
- Material: PA+PC
- Number of LEDs: 9
- Estimated Lifespan: up to 15,000 hours
- Luminous Opening: 180°

Its design allows quick installation and is compatible with most domestic and outdoor covered fixtures. The bulb offers energy savings of up to 90% compared to 60 W incandescent bulbs, reducing electricity consumption without compromising lighting quality.

It is recommended for use in spaces requiring automatic and safe illumination, such as hallways, garages or terraces. Installation is simple thanks to the standard E27 base, compatible with most conventional lamps.

Specifications

High	16.00
Width	7.00
Cap	E27 - rosca ancha
Energy classification	F
EAN	8445187466010
Depth	7.00
