Description

Spherical E14 thread LED bulb with advanced technology offering a compact and modern design, ideal for decorative lighting in residential and professional spaces. With a power of 6.5 W and a luminous flux of 806 lumens, it provides stable and efficient light equivalent to a 60 W incandescent bulb, reducing energy consumption by up to 90%. Its color temperature of 3000 K generates warm and welcoming lighting.

Technical Specifications

- Power: 6.5 W
- Lumens: 806 lm
- Base: E14
- Color Temperature: 3000 K
- Beam Angle: 150°
- Material: PA+PC
- Dimensions: 4.5 x 4.5 x 11.5 cm
- Estimated Lifespan: Up to 15,000 hours

Its spherical shape and warm light create an ideal atmosphere for living rooms, bedrooms or relaxation areas. It is especially suitable for applications where constant lighting without flicker or shadows is required.

The installation is simple thanks to the standard E14 thread, compatible with most fixtures with fine

threading. It is recommended for spaces where both energy savings and warm, uniform light quality are valued.

Specifications

High	11.50
Width	4.50
Cap	E14 - rosca estrecha
Energy classification	F
EAN	8445187466843
Depth	4.50
