Description

The black interruptible push button Candaba 40 mm is an accessory designed for precise control of water discharge in sanitary tanks. Its mechanism allows you to activate and stop the discharge, facilitating efficient use of water resources. Made from wear-resistant and moisture-resistant ABS material, it offers long-term durability and reliable performance in high-use environments.

Technical Specifications

- Height: 5.00 cm
- Width: 6.50 cm
- Depth: 6.50 cm
- Installation hole diameter: 40 mm
- Color: Black
- Material: ABS
- Weight: 0.030 kg

Its compact and functional design makes it ideal for integration into tanks with interrupt mechanism model Candaba. It is suitable for both new installations and replacement of existing parts, ensuring compatibility with standard systems.

The installation is simple and straightforward, as the push button is specifically designed for tanks with a 40 mm lid hole. Its interruptible operation allows precise control of water flow, improving the efficiency of sanitary systems in residential and commercial installations.

Specifications

High	5.00
