Description

The black dual flush button for the Eume toilet model offers precise water consumption control through its Dual Flush system. This device allows you to select between a partial or full flush, facilitating water savings without compromising the effectiveness of the emptying process. Made from resistant ABS material, it is ideal for modern installations in contemporary bathrooms.

Technical Specifications

- Material: ABS
- Color: Black
- Dimensions (Height x Width x Depth): 5.00 cm x 6.00 cm x 6.00 cm
- Installation Hole Diameter: Ø40 mm
- Weight: 0.027 kg

Its compact and elegant design fits cisterns with a 40 mm diameter, compatible with the Eume model (ref. 65001002). It is suitable for both new installations and replacement of existing parts, ensuring easy integration and reliable long-term performance.

Its ease of use and sturdy construction make it a practical choice for water conservation in residential or commercial environments. Installation is straightforward, requiring only adjustment to the corresponding toilet hole.
