Description

The dual flush button for the Tambre toilet model is an accessory designed for Dual Flush systems that allows precise control of water consumption through two flushing options: 3 liters for light use and 6 liters for full use. Its interruptible mechanism facilitates flush management, allowing you to activate or stop it as needed. Made from high-strength ABS material, it guarantees durability against wear, humidity, and continuous use.

Technical specifications

- Height: 6.00 cm
- Width: 8.00 cm
- Depth: 6.00 cm
- Installation hole diameter: Ø40 mm
- Material: ABS
- Weight: 0.034 kg

Its modern and sturdy design is ideal for residential or commercial installations. It helps save water by allowing users to choose different volumes according to their needs.

It installs easily in tanks with a 40 mm diameter, compatible with the Tambre toilet flusher (ref. 65001007), making replacement or integration simple without additional technical complications.
