Description

The drain plug with chain 380 mm is a practical and efficient solution for manually closing the drain in bathtubs, sinks, and other bathroom fixtures. It consists of a black PVC plug with an external diameter Ø52 mm and a stainless steel chain that is 25 cm long, including two rings to facilitate handling. Its design allows for a tight seal in installations compatible with standard drains.

Technical specifications

- Plug external diameter: Ø52 mm
- Set width: 6.00 cm
- Set depth: 7.00 cm
- Chain length: 25 cm
- Plug material: Black PVC
- Chain material: Stainless steel
- Net weight: 0.024 kg

Its installation is simple, and its robust construction ensures durable use in humid environments. It is especially useful to prevent the loss of the plug thanks to the included rings.

It is recommended for use in bathrooms and bathing areas where an effective manual drain closure is required, allowing easy access to the plug from the surface without needing direct manipulation.
