Description

Double curved siphon with Ø32-40 mm outlet, designed for double-basin sinks, allows efficient water evacuation and prevents the return of bad odors thanks to its internal hydraulic seal. Its construction in polypropylene offers resistance to humidity and common cleaning products, guaranteeing durability both in domestic and professional environments.

Technical Specifications

- Material: Polypropylene
- Outlet Diameter: Ø32-40 mm
- Product Dimensions: 5.00 cm high x 22.00 cm wide x 38.00 cm deep
- Weight: 0.378 kg
- Fittings: 1 1/2 compatible with standard sinks
- Integrated auxiliary tap for appliances such as dishwashers

This siphon facilitates the connection of two drains to a single outlet, ideal for kitchens and prep areas. Its extensible design allows adaptation to different configurations of double-basin sinks.

It is recommended for installation in sinks where an efficient drainage system is required. The adjustable outlet enables direct connection without additional accessories, simplifying assembly and improving the functionality of the drainage system.

Specifications

High	5.00
Width	22.00
Diameter	32 mm
EAN	8445187488388
Material	Polypropylene
Measures	Ø32-40 mm
Weight (kg)	0,378
Depth	38.00
