Description

White polypropylene (PP) flexible pipe designed for drain connections in sinks and washbasins. Its corrugated construction allows easy installation without the need to cut or use additional accessories, making it ideal for small spaces and renovations. With an internal diameter of 32 mm and extendable length between 300 and 720 mm, it offers resistance to temperatures ranging from -5 °C to +60 °C.

Technical Specifications

- Diameter: 32 mm
- Extendable Length: 300 to 720 mm
- Material: Polypropylene (PP)
- Height: 4.00 cm
- Width: 5.50 cm
- Depth: 31.00 cm
- Weight: 0.121 kg

Its flexibility facilitates adaptation to different angles and configurations without the need for special tools. It is suitable for replacing existing pipes or making new connections in residential and commercial installations.

Installation is performed by connecting one end to the existing drain and adjusting the length as needed, including a flat gasket and cover for a secure and aesthetic connection. Its design allows easy cleaning and maintenance in high humidity environments.

Specifications

High	4.00
Width	5.50
Diameter	32 mm
EAN	8445187488050
Weight (kg)	0,121
Depth	31.00
