Description

Xena drip coffee maker from the 6-cup series, Designed with a white finish and polycarbonate structure, it combines functionality and aesthetics. Its permanent and removable filtration system allows preparing intense coffee with body, preserving essential oils of the bean. With a power of 600 watts and a glass carafe of 0.6 liters, it can serve up to 6 cups per cycle. Includes non-stick heating plate that keeps coffee hot for up to 20 minutes.

Technical specifications

- Power: 600 W
- Carafe capacity: 0.6 liters
- Number of cups: up to 6
- Filter: permanent and removable
- Material: polycarbonate and glass
- Dimensions: 26 x 16 x 22 cm
- Non-stick heating plate
- Water level indicator

Its modern and functional design makes it easy to use, clean and maintain thanks to its removable filter and non-stick surface. Additionally, it features a light indicator that shows the operating status.

Installation is simple: just place the coffee maker on a stable surface, connect the cable to the outlet and fill the water reservoir up to the indicated level. The preparation process is automatic with precise

time and temperature control.
