Description

Professional tungsten (Widia) drill designed for precise drilling in concrete, wood and other construction materials. Its advanced technology ensures durability and performance in industrial and professional applications, especially useful in demanding work on reinforced or prefabricated concrete structures.

Technical specifications

- Diameter: 5.50 mm
- Total length: 150 mm
- Material: Tungsten (Widia)
- Packing: Blister with 1 piece

It offers optimal performance under demanding working conditions, allowing clean and efficient drilling. It is especially useful for applications in concrete and similar materials.

Its installation is simple and direct, compatible with standard electric or pneumatic drills. It is recommended to follow safety standards and maintain the equipment in good condition to achieve durable results during prolonged use.

Specifications

High	0.55
------	------

Diameter	5.50 mm
Size of the mouth	debería ser 0.55 cm para coincidir con las medidas técnicas del producto
EAN	9002740676324
Manufacturer	ALPEN
Long	150 mm
Length	150 mm
Material	Tungsteno (Widia)
Measures	0.55 x 15
