Air Extractor 125 mm Ø 14 W

Brand: WOLFPACK LINEA PROFESIONAL

Reference: AFT 19030610

Air extractor Ø 125 mm with a 14 W motor for efficient ventilation in small spaces. Designed to remove odors, moisture and contaminant particles from the air in enclosed environments.

[View product online](#)**Description**

Air extractor designed to improve ventilation in enclosed spaces, eliminating odors, humidity and contaminant particles from the air. Its 14 watt motor allows for efficient and quiet extraction, suitable for installations in kitchens, bathrooms or any area where indoor air quality control is required.

Technical specifications

- Power: 14 watts
- Diameter: Ø 125 mm

It offers a practical and effective solution to maintain a healthy environment free of bad odors. It is especially useful in spaces where natural ventilation is insufficient, providing consistent performance in residential and commercial environments.

Its installation is simple and can be easily integrated into existing systems, making it suitable for both residential and commercial use. It adapts to various ventilation configurations without requiring complex modifications.

Specifications

Size of the mouth	125
EAN	8435450484537
