Description

Transparent polycarbonate facial protector with adjustable strap, designed to provide comprehensive protection in demanding work environments. Its construction from high-strength material ensures optimal visibility and superior durability, making it especially useful in industrial applications requiring protection against mechanical impacts or chemicals.

Technical Features

- Materials: High-resistance transparent polycarbonate
- Design: With adjustable strap for secure and comfortable fixation
- Transparency: High optical clarity for full visibility

This protector easily adapts to different head types, ensuring extended use without discomfort. It is compatible with integrated safety systems, facilitating its integration into controlled work environments.

Its installation is quick and simple, allowing immediate setup. It is recommended to use it together with other personal protective equipment to ensure complete coverage in high-risk environments.

Specifications

Colour	Transparente
EAN	8435450481369
Range	Profesional

Material	Policarbonato transparente de alta resistencia
