Description

The 180 mm multiple opening pliers with lock and monkey head are professional tools designed for use in plumbing, electronics and industrial maintenance. Their construction from hardened steel ensures superior mechanical strength, The multiple opening lock system allows adjusting the grip according to job requirements, while the monkey head improves adhesion on irregular surfaces.

Technical specifications

- Total length: 180 mm
- Materials: Hardened steel
- Multiple opening with lock mechanism
- Monkey head for better grip

These pliers stand out for their versatility in environments where precise manipulation of small components or metal parts is required. Their ergonomic design facilitates prolonged handling without fatigue, and their wear resistance ensures consistent performance over years of intensive use.

They are recommended for plumbing installations, industrial repairs and electronics work where a firm grip and precise control are needed. Their compact structure allows access to tight spaces without compromising job effectiveness.

Specifications

High	180 mm
Width	180 mm
EAN	8435450481949
Long	180 mm
Length	180 mm
Material	Acero endurecido
