Description

Professional 1200 W milling machine with a compact design and portable case for efficient transport and storage. This tool is specifically designed for industrial applications and workshops where precision in cutting and milling of various materials is required.

Technical Specifications

- Power: 1200 W
- Includes portable case

Its high-efficiency motor ensures consistent performance in demanding tasks, offering an excellent power-to-handling ratio. It is suitable for cutting metals, wood, and plastics with precision and stability.

The ergonomic design and portability make this milling machine. Its robust construction ensures durability under intensive usage conditions.

Specifications

EAN	8054035006058
Manufacturer	YAMATO
