Description

Work jacket designed for maximum visibility in low-light conditions, Made with high-resistance softshell fabric, it provides protection against wind and rain without compromising mobility. Complies with EN ISO 20471:2013+A1:2016 (Class 2) and EN ISO 13688:2013/A1:2021 standards, ensuring its effectiveness in demanding work conditions.

Technical Features

- Materials: softshell fabric with reflective strip
- Certifications: EN ISO 20471:2013+A1:2016 (Class 2) and EN ISO 13688:2013/A1:2021
- Size: L

Its design combines comfort and safety, making it suitable for construction workers, emergency services or any environment where high visibility is required. The reflective strip improves the operator's visibility in low-light conditions, increasing their safety during night work or in dark environments.

It is recommended to wash at 40°C and avoid using bleach to maintain the reflective properties. It is easy to maintain and resistant to wear, ensuring its durability in intensive work environments. The jacket offers an excellent balance between protection, comfort, and visibility,

Specifications

EAN	8435450479090
Material	Tejido softshell con banda reflectora
Size	L
