Description

Work glove designed to offer superior protection in demanding industrial environments. Combines the durability of polyester with a nitrile coating that provides resistance to abrasion, chemicals, and moderate thermal conditions. Its construction allows for precise handling and excellent grip, making it suitable for tasks requiring tactile sensitivity and safety.

Technical Features

- Materials: Polyester with nitrile coating
- Size: 7 (pair)

It is recommended for use in industries such as automotive, manufacturing, and technical services, where protection against sharp objects and chemicals is needed. Additionally, its design facilitates precise handling of tools and materials.

It is advised to use them in environments requiring resistance to wear and moderate thermal conditions, ensuring comfort and protection during daily work activities.

Specifications

EAN	8054035007673
Material	Poliéster con recubrimiento de nitrilo
Size	7 (par)
