Description

Ceiling bracket with adjustable GU10 lights in white metallic design, developed for functional and directional lighting in interior spaces. Its modular structure allows easy integration in environments such as offices, stores, and homes, offering a modern and durable finish.

Technical Features

- Material: White Metal
- Compatibility: GU10 Lights (not included)
- Design: Ceiling Bracket with Adjustable Lights

Its installation is simple and its design allows precise adjustment of the light beam, facilitating lighting in specific areas. It is especially useful for environments where controlled light distribution is required.

The bracket offers an efficient and aesthetic solution for spaces that need functional lighting without compromising the environment's design, thanks to its clean structure and compatibility with modern lighting technologies.

Specifications
