Description

The ceiling LED downlight Sofia is a luminous solution designed for humid environments such as bathrooms and kitchens. It uses integrated LED technology that provides efficient, bright and long-lasting illumination. With a power of 7 watts and a light flux of 710 lumens, it is ideal for spaces where warm and uniform lighting is required.

Technical specifications

- Power: 7 W
- Luminous flux: 710 lm
- Color temperature: 3000 K
- Beam angle: 36°
- IP protection: IP44
- Shape: Round
- Mounting: Recessed

Its compact and elegant design adapts to any space, providing uniform and durable lighting. It is especially recommended for humid areas where a resistant and low-maintenance unit is needed.

The installation is simple thanks to its integrated mounting system, ideal for new projects as well as replacing traditional luminaires in environments exposed to humidity. Its low energy consumption contributes to greater efficiency without compromising visual performance.

Specifications

Opening angle	36
Size of the mouth	7
Diameter embedment (mm)	60
Efficacy (lm/W)	101
Protection	IP44
Type of installation	Flush-mounted
Shape	Redondo
