Description

Ceiling plenum designed with a white sand finish and compatibility with 4 GU10 lights. Its structure in reinforced PVC ensures durability and stain resistance, adapting perfectly to residential and commercial spaces. It combines functionality with modern aesthetics for diffused and uniform lighting.

Technical specifications

- Compatibility with 4 GU10 lamps
- White sand finish
- Material: Reinforced PVC
- Dimensions: 400 x 400 mm
- Installation on ceiling using included mounting system

Its minimalist design allows easy integration into any environment without overloading the visual space. It is especially suitable for living rooms, hallways and work areas where balanced lighting is required.

The installation is quick and secure thanks to the included flat surface mounting system. It can be used in new projects as well as renovations, facilitating its implementation in various types of ceilings.
