Description

Ceiling plenum with modern design and black sanded matte finish, equipped with integrated GU10 emitters. Manufactured in reinforced polycarbonate, it offers durability and ease of maintenance. Its structure is designed for direct lighting in residential or commercial indoor spaces.

Technical specifications

- Format: 4xGU10
- Finish: Black sanded matte
- Material: Reinforced polycarbonate
- Installation: Universal mounting system

It provides uniform and efficient light distribution, suitable for work areas, living rooms or hallways. Its discreet design allows easy integration into any decoration without overwhelming the visual space.

Installation is simple thanks to its quick and secure mounting system, compatible with various ceiling types. Recommended for residential or commercial use where functional and aesthetic lighting is required.
