Description

Adjustable ceiling mount Sahara Sand Black with GU10 base, designed to provide directional lighting and aesthetics in modern spaces. Uses high-efficiency energy LED technology, ideal for environments where precise light focus is required. Its minimalist design and sand black finish add elegance to any setting.

Technical specifications

- Energy consumption: low
- Light type: LED
- Connection: GU10
- Light color: warm white
- Protection level: IP20

Its adjustability allows the lighting angle to be customized according to space needs, making it ideal for work areas, hallways or reception zones where focused and efficient light is required. Moreover, its modern design adapts to any decorative style.

Installation is simple thanks to the standard GU10 connection, compatible with most existing transformers. It is recommended for indoor environments where both energy performance and design aesthetics are valued.

Specifications

Cap	GU10
Colour	Blanco cálido
EAN	8435775604467
Protection	IP20
Current type	LED
