Description

White sand ceiling plenum with integrated GU10 emitter, designed for indirect lighting in residential and commercial spaces. Its modern and elegant finish adapts to any environment that requires soft and uniform light. Made from resistant ABS plastic, it offers durability and ease of installation.

Technical Specifications

- Material: Resistant ABS Plastic
- Connection: GU10 (1x)
- Color: White Sand
- Dimensions: 120 mm diameter

Its minimalist design allows easy integration into drywall or plaster ceilings, making it suitable for general or focused lighting areas. Compatible with LED GU10 bulbs, ensuring energy efficiency and long lifespan.

Installation is quick thanks to its universal mounting system, ideal for standard thickness flat ceilings. Recommended for homes, offices, and commercial spaces where functional and aesthetic lighting is required.

Specifications
