Description

The Slim Black Sanded Wall Mount 30x70 mm is a modern and elegant solution for decorative lighting on walls or ceilings. Its minimalist design combines functionality with aesthetics, making it ideal for spaces that require a sophisticated touch without compromising luminous efficiency. Made from aluminum, it offers a durable and lightweight structure that facilitates installation and maintenance.

Technical Specifications

- Material: Aluminum
- Base: 30x70 mm
- Compatible bulb: G9 LED (not included)
- Finish: Black sand

Its light direction mechanism allows adjustment of the light beam's direction, making it a versatile option for focused or ambient lighting. It is especially suitable for work areas, living rooms, hallways, and common spaces where a balance between functional light and design is sought.

Installation is simple thanks to its standard mounting system and compatibility with conventional electrical connections. It does not require complex structural modifications, facilitating integration into any environment without compromising quality or performance.
