Description

The Slim Black Wall Mount with USB is a modern and functional solution for auxiliary lighting in spaces such as bedrooms, living rooms, or studies. It combines a minimalist design with practical functionality, incorporating an adjustable tubular light that allows users to adjust the direction of light according to their needs. Additionally, it includes two USB ports (type A and C) for convenient charging of electronic devices.

Technical Features

- Color: Black
- Connection: Standard electrical connection
- Switch: ON/OFF on one side
- USB Ports: 2 (type A and C)
- Light: Adjustable tubular

Its compact design makes it ideal for small spaces, facilitating installation without the need for special tools. It is especially useful in areas where customized lighting is required along with access to electrical power for mobile devices.

The installation is simple and straightforward, as it is mounted on the wall using included accessories. It easily adapts to any indoor environment, offering an integrated solution for lighting and charging in a single product.

Specifications
