Description

Ceiling gutter with adjustable GU10-35 lights, designed for directed lighting in residential and commercial spaces. Combines functionality with a modern style thanks to its black base and golden caps. Each light can be adjusted individually, allowing customized light distribution according to the environment's needs.

Technical Features

- Compatibility with GU10-35 bulbs (not included)
- Two adjustable lights
- Base size 40x218 mm
- Color: black with golden finish

Its installation is simple and quick, ideal for work areas, hallways or spaces requiring directed lighting. The ability to adjust the light angle improves both energy efficiency and visual comfort in any space.

It mounts easily on the ceiling using included accessories. Its minimalist and versatile design allows integration into various environments without the need for multiple fixed light points, offering an elegant and functional solution for specialized lighting.
