Description

GU11 Confort adapter in matte black, designed to facilitate the installation and secure connection of GU11 type luminaires in commercial and industrial environments. Its construction in reinforced polycarbonate with fiberglass ensures durability and efficient thermal performance. This accessory allows quick integration with existing systems without the need for additional tools.

Technical specifications

- Material: Reinforced polycarbonate with fiberglass
- Color: Matte black
- Connection: GU11 (E27)
- Quantity per box: 20 units

Its discreet and modern design adapts to various environments, offering a practical solution for LED or halogen lighting. It is especially useful in spaces where a secure and durable connection is required.

Recommended for use in warehouses, offices, shopping centers, and industrial installations. Easy installation allows quick assembly without the need for specialized technical personnel.
