Description

Security leash for vehicles made of durable nylon, with a width of 2 cm that ensures comfort and secure fastening during travel. Designed for use in cars, it allows comfortable adjustment on seats or standard mounting points of the vehicle.

Technical specifications

- Width: 2 cm
- Recommended usage: from 43 to 70 kg
- Size: 00

Its construction from durable material provides resistance to wear and ease of cleaning. It is especially useful for keeping pets secure during car trips, preventing sudden movements that could be dangerous.

Installation is simple and quick, easily adapting to different types of seats or mounting points in the vehicle. It is recommended to check proper function before each use to ensure maximum safety during travel.
